

2. KIRC Ocean Program

April 2002

Projects & Activities

- Operations: Ocean truck had its yearly service. ORM updated First Responder training and certification. Budgeting Activities Update (2002) completed. ORM consulted with the National Ocean Services' Office of Coast Survey to update and correct the Kaho'olawe Island Reserve chapter in Coast Pilot 7. (→)
- Community Outreach: Two new volunteers submitted draft plans for outreach and education projects directed at 1) the diving community and 2) local grade schools. ORM attended the Stranding Network Meeting and the HINHWS Management Plan Community Meeting.
- Monitoring: A data form for collecting seal sightings in a uniform way was completed and sent to a PKO representative and ParsonUXB's NR team. (→) The limu team completed their third full limu survey including a rapid assessment at Küheia. Fish check lists were prepared with the assistance of DAR. (↓)
